Housing Affordability Must Be Addressed Locally and Nationally

As a result of the COVID-19 pandemic, the housing market has experienced significant challenges. The NAHB (National Association of Home Builders) has been actively working to address these issues. The NAHB has been advocating for policies that will help to stabilize the housing market and ensure that homeowners can afford to live in their homes. The NAHB has been working with the federal government to develop a plan to address the housing crisis. The NAHB has been working to ensure that the federal government is providing the necessary support to homeowners who are struggling to pay their mortgages. The NAHB has been working to ensure that the federal government is providing the necessary support to homeowners who are struggling to pay their mortgages.
